We manufacture quality instruments, distinguishing on workmanship, design, and function. Products made by Trimax have to recommend themselves by their ultimate quality. Our staff and their outstanding workmanship and product knowledge are the main capital of the company. To facilitate their work it is to be supported by a most sophisticated technical equipment. Personal well being on the job guarantees a perfect workmanship which results onto a high quality level. It, therefore, tops the priority list of the company management. Environment protection precedences short-term cost management. One of the key success factors of Trimax's product range is the ability to combine high quality craftsman-ship with innovative technology Tailor-made high-tech processes are used side-by-side with manual production processes.

Blister packing with sliding card insert.

### PVC Pouch

Hangable PVC pouch, available in various shapes and colours with or without card.

### PVC Packing

Hangable PVC packing with insert card.

### Bulk Packing

Instruments are packed in high density poly bags for bulk packing.

## Choice of Finishes

The use of high grade stainless steel has the dual benefits of reducing wear to a minimum and guaranteeing long-lasting sharpness. Non-rusting Inox instruments are free of nickel, anti-allergenic and can be sterilised. This interplay and the intensive cooperation with leading dermatologists guarantees uniform, high quality levels for these kind-to-the-skin instruments and care products.

All of our products are made of high grade steel.  
**Grade 410:** the basic martensitic stainless steel; like most non-stainless steels it can be hardened by a "quench-and-temper" heat treatment. It contains a minimum of 11.5 per cent chromium.  
**Grade 420:** a higher carbon version of 410; like most non-stainless steels it can be hardened by heat treatment. It contains a minimum of 12 per cent chromium, just sufficient to give corrosion resistance properties.

### Polish / Shine Finish

These instruments feature high grade and highly attractive shining surface finish.

### Satin / Matt Finish

These instruments feature high standard for professional use.

**Half or Full Gold Plating  
on Polish Finish**

24 carot hard gold plated instruments have a extra high quality appearance.

**Half or Full Sand Blasted  
on Polish Finish**

These instruments give timeless surface appearance.

**Half or Full Powder Color  
Coated on Polish Finish**

These instruments give uniquely attractive look by using different color combinations.

# Nail & Cuticle Scissors

Made of hot forged special steel, hardened and precisely ground. Bent, thin and extremely sharp cutting edge for careful and easy removal of fine nail and cuticle.

Our nail scissors cut nails without crushing or splitting them.

Our cuticle scissors cut even the finest cuticles with perfect precision.

Brilliant quality, excellent functionality and dependably long-lasting.

All nail and cuticle scissors made by Trimax have been carefully hand honed and individually tested.

# Cuticle Nippers

Strong and precise instrument for clean removal of the cuticle and residual skin even in the corners and round edges of the nail bed.

Various cutting lengths available for different cutting habits.

Apart from leaf springs, scissors handles are also available.

As with cuticle scissors, cuticle nippers also have the specialty of the "honed jaw". Its finely ground, highly polished and sharpened blades allows the cutting of cuticles, which offers a very special comfort in working cuticles.

Available in lap joint / box joint and different sizes of cutting edge.

**2001 - 100**  
Cuticle nipper  
lap joint  
beak size 7mm

Concave head

**2092 - 100**  
Flat head

# Nail nippers

Instruments for easy shortening and forming strong finger & toe nails.

The different sizes and cutting head forms demonstrate the broad range of manicure or pedicure applications.

There are two different joints available. Lap joint nippers have the nipper shanks lying one on top of the other at the joint. Box joint nippers have one shank put through the other nippers shank.

While one can cut and form the finger nails according to desire and fashion, it is recommended to cut and form toe nails relatively short and straight. Toe nails should not reach over the end of the toes.

**3001 - 100**

lap joint  
fluted handle with lock  
size 14cm

# Tweezers

Available for various purposes and are made out of a variety of materials in different designs.

Types of tweezers:

Pointed:  
to remove splinters.

Slanted:  
to shape eyebrows or to remove hair.

Straight:  
to shape eyebrows or to remove hair.

Bent or angular with a straight mouth:  
exerts a particularly high pressure due to its angular shank  
and has a very firm grip.

Round:  
safe grip no sharp edges, special tweezers for safe round edge.

All tweezers are carefully produced, particularly on the functional part with the inner sides being ground to grip hair. It is made sure that the shanks of a pair of tweezers are of the same length.

**Available Colors**

**4020 - 095**  
Tweezers  
slanted point  
size 9.5cm

**4050 - 095**

# Instruments for professional applications

Manicure made easy - with well-functioning instruments  
Manicure, pedicure - perfectly functioning instruments are required for these personal hygiene tasks

Professional application products by TRIMAX are characterized by:

- good raw materials
- excellent workmanship
- high functionality
- durability
- large selection

There is a broad range of TRIMAX manicure instruments available, a large selection made of various raw materials, in various sizes and for the most varied functions. All these instruments are characterized by their outstanding workmanship, making them distinctly durable and highly functional.

## Barber Thinning

For professional hairdressers, or for anyone who wants a professional looking haircut at home, we offer a large selection of haircutting shears, thinning shears, and other hair-care supplies at a fraction of what you would spend at a salon.

All haircutting scissors and accessories are top-of-the-line. We have a wide range of shears, from professional to the economical Starlight Shears.

Our innovative haircutting shears are designed for cutting performance and comfort. The convex blades allow for clean cuts with superb precision. Extremely sharp hollow-ground blades made of Stainless Steel provide guaranteed quality and durability.

Our haircutting scissors are great for gift giving, and they pay for themselves after just a few uses.
